A virtual benefit in support of  
Turning Point Behavioral Health Care Center

**Dear Friends,**

**Welcome!**

We are so pleased to welcome you to our virtual RISING TO THE CHALLENGE benefit.

More than fifty years ago, Turning Point, then known as Orchard Mental Health Center, established life-saving services for residents who were dealing with mental health challenges. From the beginning, we were mission-focused, responsive to the needs of our community, and committed to the idea that everyone has a right to affordable mental health care of the highest quality. While our organization has grown and changed considerably through the last five decades, our core values have not. When you come to our building, you'll see them displayed in the hallway: Hope, Resilience, Courage, Community, Advocacy.

These words inspire us and remind us of what is most important. We make every effort to demonstrate these qualities toward our clients, their families, our community and one another.

These words also underline our theme for this evening: *Rising to the Challenge*. We strive to rise to the challenge every day and we hope that you will join us in this spirit tonight as you learn more about us and contribute to our programs and services. I hope you'll enjoy the opportunity to become a part of this very special community. We are so glad you are here!

Who would have imagined that we would still find ourselves within a worldwide pandemic. I am so proud of our team for pivoting in less than 72 hours to establish strong telehealth links to nearly every agency client and to lead activity groups, newsletter groups and art groups despite all obstacles. Our team's commitment to do much more than what is required, to aspire to excellence, and to support one another with unwavering encouragement and innovation makes me so proud and humble, too.

I hope that our efforts will motivate you to contribute to us financially, to share news of our good work, and to continue to learn about mental health and support every member of our community, beginning with yourselves and your loved ones. Most of all, I hope that this message finds you safe and healthy. We are here, always, with solid support whenever you need us.

Sincerely,

A handwritten signature in black ink that reads "Ann". The signature is written in a cursive, flowing style.

## **ICELAND FIRE & ICE ADVENTURE**

### **Five nights for a group of four!**

Iceland is a unique island perched upon the Mid-Atlantic Ridge, the tectonic plate boundary that separates the Eurasian and North American continents. Located midway between North America and the continental mainland of Europe, Iceland is a land distinguished by extreme geological contrasts. Widely known as the land of "Fire and Ice", it is home to some of the largest glaciers in Europe as well as some of the most active volcanoes. Iceland also has a unique contrast of light and darkness, with long summer days that have nearly 24 hours of sunlight, and short winter days with just a few hours of daylight. The capital city of Reykjavik is the northernmost capital in the world, and it is among the cleanest, greenest and safest cities of the world, and is home to almost two-thirds of the Icelandic population. The word Reykjavik translates literally as "smoky bay", a name that derives from the steam that used to rise from the hot springs and geothermal vents. Iceland is an incredible destination, one that absolutely needs to be visited at least once in a lifetime. There is an incredible mix of natural wonders, with active volcanoes, gushing waterfalls, sprouting geysers, natural hot

springs, immense glaciers, endless green meadows and some of the most incredible views of the Northern Lights. This is a landscape like no other, where Neil Armstrong and 30 other astronauts were sent to do their training prior to the Apollo mission to the moon!

**ACCOMMODATION:** Four of you will stay for 5 evenings in a lovely cottage nestled in the breathtaking Icelandic countryside, perfect for exploring the beauty of South Iceland. The cottages have 2 bedrooms and 2 bathrooms, with a fully equipped kitchen, nice living room and a private terrace with a hot tub. **WHILE YOU ARE HERE:** The Northern Lights are an incredible phenomenon, with indescribable colors and glowing shapes that dance through the dark night sky. ## **MAGIC PRAGUE**

### **Five nights for two people!**

Lying in the heart of Europe, Prague is one of the continent's finest cities and the major Czech economic and cultural center. With its magical and mystical atmosphere, a visit to the "city of a hundred spires" is like finding yourself in a fairy tale, with its cobblestone streets, beautiful medieval bridges and numerous towers and cathedrals. The city has a rich architectural heritage with a history that is over 1000 years old. Among the most important monuments are the Charles Bridge, which stands astride the Vltava River and is considered the most beautiful bridge in Europe, as well as the great castle of Hradcany, dominating the left bank region of the city, looming up from behind massive walls, perched high upon a hill. The old neighborhoods are captivating, full of narrow streets and small taverns that contrast with the broad sweep of Wenceslas Square and the elegance and majesty of the great 18th century Baroque palaces. In 1992, the entire historic center was added as a Unesco World Heritage Site and recognized as one of the world's most beautiful and romantic cities. Prague is also famous for its cultural life and for being one of the most vibrant cities in Europe, with an energetic nightlife that makes it a city suitable for young and old alike. First you will enjoy a classical music concert in the 16th-century palace's baroque concert hall. On another day, the two of you will be picked up by a private driver to head out for a full-day adventure, visiting the Bone Church and Kutna Hora, located about 1.5 hours east of Prague.
