# INDEPENDENT AUDITOR'S REPORT

To the Board of Directors of Turning Point Behavioral Health Care Center:

## **Opinion**

We have audited the accompanying financial statements of Turning Point Behavioral Health Care Center, which comprise the statement of financial position as of June 30, 2024 and 2023, and the related statements of activities, cash flows and functional expenses for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Turning Point Behavioral Health Care Center as June 30, 2024 and 2023, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

## **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Turning Point Behavioral Health Care Center and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

## **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Turning Point Behavioral Health Care Center's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Independent Auditor's Report To the Board of Directors of Turning Point Behavioral Health Care Center Page two

## Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards*, will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Turning Point Behavioral Health Care Center's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Turning Point Behavioral Health Care Center's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Independent Auditor's Report To the Board of Directors of Turning Point Behavioral Health Care Center Page three

## Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated January 22, 2025, on our consideration of Turning Point Behavioral Health Care Center's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Turning Point Behavioral Health Care Center's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Turning Point Behavioral Health Care Center's internal control over financial reporting and compliance.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Board of Directors of Turning Point Behavioral Health Care Center:

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Governmental Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of Turning Point Behavioral Health Care Center (the Organization), which comprise the statement of financial position as of June 30, 2024, and the related statements of activities, cash flows and functional expenses for the year then ended, and the related notes to the financial statements, and have issued our report thereon dated January 22, 2025

## Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Organization's internal control over financial reporting (internal control) as a basis for designing the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Organization's internal control. Accordingly, we do not express an opinion on the effectiveness of the Organization's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that have not been identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that have not been identified. Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with **Government Auditing Standards** To the Board of Directors of Turning Point Behavioral Health Care Center Page two

## **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the Organization's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under Government Auditing Standards.

#### **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Organization's internal control or on compliance. This report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the Organization's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

## TURNING POINT BEHAVIORAL HEALTH CARE CENTER NOTES TO FINANCIAL STATEMENTS JUNE 30, 2024 AND 2023

# (1) NATURE OF ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Turning Point Behavioral Health Care Center (the "Organization"), a not-for-profit organization, operates an outpatient community mental health center providing services to adults, adolescents, and children residing in Niles Township, Illinois and neighboring communities.

The financial statements were available to be issued on January 22, 2025, with subsequent events being evaluated through this date.

The following summarizes the significant accounting policies and practices reflected in the accompanying financial statements.

#### Basis of Accounting -

The financial statements are maintained on the accrual basis of accounting which recognizes revenues as they are earned and expenses as they are incurred.

#### Basis of Presentation -

Financial statement presentation follows the recommendations of the Accounting Standards Codification (ASC), *Financial Statements for Not-for-Profit Organizations*. Under the ASC, the Organization is required to report information regarding two classes of net assets: net assets without donor restrictions and net assets with donor restrictions.

*Without donor restrictions* – Net assets that are not subject to donor-imposed stipulations and may be expensed for any purpose in performing the primary objectives of the Organization. These net assets may be used at the discretion of management and the board of directors.

*With donor restrictions* – Net assets subjects to donor-imposed stipulations. Some donor restrictions are temporary in nature; those restrictions will be met either by actions of the Organization and/or the passage of time. Other donor restrictions are perpetual in nature, where the donor has stipulated the funds be maintained in perpetuity.

## Use of Estimates -

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

## Cash and Cash Equivalents -

For purposes of the statement of cash flows, the Organization considers all highly liquid instruments with an initial maturity of three months or less to be cash equivalents.

## Concentrations of Credit Risk -

Financial instruments which potentially subject the Organization to concentrations of credit risk consist principally of cash. The Organization places its cash and deposits with high credit quality financial institutions; however, deposits may exceed the federally insured limits in various banks from time to time. The Organization has not experienced any losses in such accounts.

#### Account receivables -

Account receivables are carried at original invoice amount, less an estimate made for expected current credit losses. Receivables are measured at amortized cost. An allowance for credit losses that are expected to be incurred is recorded as of the date that a receivable is originated. The allowance reduces the carrying amount of the receivables to the net amount expected to be collected over the assets' contractual term. The determination of the allowance requires the Organization to collectively evaluate receivables by classifying them into pools that share similar risk characteristics such as risk rating, type of receivable, size of the receivable, contractual term, industry type of the debtor, geographic location of the debtor, or date of origination while individually evaluating such assets, if any, that do not possess risk characteristics similar to those in the identified pools.

Management determines the allowance for credit losses based on:

- Available and relevant internal and/or external information about historical loss experience with similar assets;
- Current conditions;
- Reasonable and supportable forecasts that affect the expected collectability of the reported amount of financial assets that have an extended contractual term.

The Organization considers a receivable to be past due when the normal invoice terms have been exceeded. Receivables are written off once they are deemed uncollectable. Write offs are recognized as a deduction from the allowance for credit losses. Amounts previously written off that are now expected to be recovered are included in the determination of the allowance for credit losses. All outstanding receivables as of June 30, 2024 have been collected subsequent to year end, and thus management has estimated that no allowance is necessary.

## Investments -

The Organization has investments that are comprised of mutual funds, common stock, corporate bonds, municipal bonds, exchange traded funds, and money markets that are carried at fair market value.

Investments are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of market risk associated with certain investment, it is possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of financial position.

Property and Equipment -

Property and equipment are stated at cost if purchased or fair value if contributed. The Organization capitalizes fixed asset additions over \$500. Depreciation is provided over the estimated useful lives of the assets using the straight-line method. Below are the estimated useful lives of the assets:

Furniture and office equipment	5 - 15 years
Vehicles	7 years
Building improvements	7 - 27 years
Buildings	50 years

Maintenance, repairs and renewals, which neither materially add to the value of the property nor appreciably prolong its life, are charged to expense as incurred. Gains and losses on dispositions of property and equipment are included in the statement of activities and changes in net assets.

#### Impairment of Long-Lived Assets -

The Organization reviews long-lived assets, including property and equipment and intangible assets, for impairment whenever events or changes in business circumstances indicate that the carrying amount of an asset may not be fully recoverable. An impairment loss would be recognized when the estimated future cash flows from the use of the asset are less than the carrying amount of that asset. As of June 30, 2024 and 2023, there have been no such losses.

#### Intangible Assets -

The Organization incurred the following costs related to intangible assets as of June 30, 2024 and 2023:

	 2024		2023
Website	\$ 112,861	\$	107,868
EMR System	 92,515		92,515
Less: Accumulated amortization	205,376 (135,773)		200,383 (117,907)
	 (155,775)		<u>(117,007)</u>
Net intangible assets	\$ 69,603	<u>\$</u>	82,476

Under Accounting Standards Codification ("ASC") 350, these costs are recognized as an intangible asset and are being amortized using the straight-line method over five - seven years. Amortization expense related to these assets totaled \$17,866 and \$5,691 for the years ended June 30, 2024 and 2023, respectively.

## Functional Allocation of Expenses -

The financial statements report certain categories of expenses that are attributed to more than one program or supporting function. Therefore, expenses require allocation on a reasonable basis that is consistently applied. The expenses that are allocated include salaries and related expenses, administrative and office supplies, occupancy, depreciation and amortization, and program equipment and supplies which are allocated on the basis of estimates of time and effort.

#### Income Taxes -

The Organization has been determined by the Internal Revenue Service to be exempt from income tax under Section 501(c)(3) of the Internal Revenue Code. Accordingly, no provision for income tax has been established.

The Organization files informational returns in the U.S. federal jurisdiction and Illinois. With few exceptions, the Organization is no longer subject to U.S. federal, state and local, or non-U.S. income tax examinations by tax authorities for fiscal years before 2021. The Organization does not expect a material net change in unrecognized tax benefits in the next twelve months.

#### Revenue Recognition for Program Fees -

The Organization receives program fees from the Illinois Department of Human Services (DHS) through fee for service arrangements. The Organization bills for various services provided to DHS based on preapproved rates for each service provided. These services are considered a single performance obligation which is satisfied at a point in time. The performance obligation is met, and revenue recognized, when the services are provided.

The Organization receives program service fees in exchange for providing patient care services. The organization bills these services based on preapproved rates for the services provided. These patient care services are considered a single performance obligation which is satisfied at a point in time. The performance obligation is considered met, and revenue is recognized, when the services are provided to the patients.

The Organization rents some of its office space to tenants. Rental income is considered a single performance obligation that is recognized over time. Rental income is charged each month, and the monthly fees are recognized ratably over the life of the lease.

#### Revenue Recognition for Contributions -

The Organization recognizes contributions when cash, securities or other assets; an unconditional promise to give; or a notification of a beneficial interest is received. Conditional promises to give – that is, those with a measurable performance or other barrier and a right of return – are not recognized until the conditions on which they depend have been met.

#### <u>Revenue Recognition for Contributions</u> – (Continued)

Contributions resulting from split-interest agreements, measured at the time into which the agreements are entered, are based on the difference between the fair value of the assets received or promised and the present value of the obligation to the third-party recipient(s) under the contract. The Organization reports gifts of cash and other assets as restricted support if they are received with donor stipulations that limit the use of the assets, or if they are designated as support for future periods. When a donor restriction expires; that is, when a stipulated time restriction ends or purpose restriction is accomplished, net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the statement of activities as net assets released from restrictions.

A portion of the Organization's revenue is derived from cost-reimbursable state contracts and grants, which are conditioned upon certain performance requirements and/or the incurrence of allowable qualifying expenses. Amounts received are recognized when the Organization has incurred expenditures in compliance with specific contract or grant provisions. Amounts received prior to incurring qualifying expenditures are reported as refundable advances in the statement of financial position. Restricted revenue from cost reimbursable grants that are received and released in the same year are shown as without donor restrictions on the statement of activities.

#### Leases -

The organization determines if an arrangement is a lease or contains a lease at inception of the contract. The Organization's operating leases are presented in operating lease right-of-use assets, current portion of operating lease liabilities, and long-term portion of operating lease liabilities in the accompanying statement of financial position as of June 30, 2024.

Operating lease right-of-use assets and lease liabilities are measured based on the present value of future lease payments over the lease term at each lease's commencement date. As most of the Organization's leases do not specify their implicit rate, the organization has elected a practical expedient to use the nominal yield, at lease inception, applicable to U.S. Treasury instruments with a maturity of similar length of the lease term.

Operating lease right-of-use assets include all fixed contractual lease payments and initial direct costs incurred by the Organization, less any lease incentives the Organization receives from the lessor. The organization has elected a practical expedient to account for lease and non-lease components together as a single lease component. The terms of the Organization's leases generally contain lease payments and reimbursements to the lessor of the Organization's proportionate share of common area maintenance (CAM), real estate taxes and other pass-through charges. Only the fixed lease components are included in the right-of-use assets and lease liabilities. Additionally, the Organization has elected not to apply these lease accounting policies to leases with a term of one year or less at the commencement date.

## Leases – (Continued)

Operating lease expense for lease payments is recognized on a straight-line basis over the terms of each lease. Variable lease components include CAM, real estate taxes and other charges and are recorded as lease expense as incurred.

The Organization's leases can contain options granting the right to renew or extend the term of the lease for specified option periods. The decision as to whether the Organization will exercise the renewal options is generally at the Organization's sole discretion. the Organization includes lease extensions in the lease term when it is reasonably certain that the Organization will exercise the extension.

## Adoption of New Accounting Principle with Respect to Credit Losses -

Effective July 1, 2023, the Organization adopted a new accounting standard under US GAAP that replaced the incurred loss model for measuring the allowance for credit losses with a new model that reflects current expected credit losses (CECL) that are expected to occur over the lifetime of the underlying accounts and notes receivable. The CECL methodology is applicable to financial assets that the Organization measures at amortized cost, including accounts and program services receivable, contract assets, and notes and loans receivable.

The Organization adopted the changes in accounting for credit losses using a modified retrospective method. Upon implementation of the standard, there was no adjustment to beginning net assets.

## Reclassifications -

Certain amounts in the prior year financial statements have been reclassified for comparative purposes to conform to the presentation in the current year financial statements.

#### (2) CONCENTRATIONS:

The Organization received approximately 72% and 82% of its total revenues and support from the Illinois Department of Human Services for the years ended June 30, 2024 and 2023, respectively.

Receivables from the Illinois Department of Human Services represented 73% and 39% of total receivables at June 30, 2024 and 2023, respectively.

## (3) FAIR VALUE MEASUREMENTS:

The Accounting Standards Codification for Fair Value Measurement established a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

#### Level 1:

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

## Level 2:

Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

#### Level 3:

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at June 30, 2024 and 2023.

*Exchange Traded Funds, Mutual Funds and Common Stocks*: Valued at the closing price (net asset value) reported on the active market on which the individual securities are traded.

Corporate Bonds: Valued at the last quoted bid price.

Municipal Bonds: Valued at the last quoted bid price.

<u>Certificates of Deposit</u>: Valued at amortized cost, which approximates fair value.

# (3) FAIR VALUE MEASUREMENTS: (Continued)

Fair values of assets measured on a recurring basis were as follows:

	Assets at Fair Value as of June 30, 2024							
Description	Level 1			Level 2		Level 3 Total		
Cash equivalents	\$	359,064	\$	-	\$	- \$ 359,064		
Common stocks		819,261		-		- 819,261		
Exchange traded funds		289,336		-		- 289,336		
Mutual Funds		30,160		-		- 30,160		
Corporate bonds		-		107,316		- 107,316		
Foreign Bonds		-		59,020		- 59,020		
Other fixed income- CD		-		86,546		- 86,546		
Municipal bonds				24,175		- 24,175		
Total	\$	1,497,821	<u>\$</u>	277,057	<u>\$</u>	<u> </u>		
	_	Ass	ets	at Fair Value	e as	of June 30, 2023		
Description		Level 1		Level 2		Level 3 Total		
Cash equivalents	\$	32,364	\$	-	\$	- \$ 32,364		
Common stocks		687,183		-		- 687,183		
Exchange traded funds		310,300		-		- 310,300		
Mutual Funds		328,558		-		- 328,558		
Corporate bonds		-		124,868		- 124,868		
Foreign Bonds		-		28,555		- 28,555		
Other fixed income- CD		-		9,942		- 9,942		
Municipal bonds				23,809		- 23,809		
Total	<u>\$</u>	1,358,405	<u>\$</u>	187,174	<u>\$</u>	<u> </u>		

## (4) PROPERTY AND EQUIPMENT:

The costs of the Organization's property and equipment as of June 30, 2024 and 2023 were as follows:

		2024		2023
Land	\$	415,721	\$	415,721
Building		1,543,468		1,543,468
Building improvements		2,735,155		2,726,464
Furniture and equipment		713,338		673,755
Vehicles		178,674		62,294
		5,586,356		5,421,702
Less: Accumulated depreciation		(2,953,700)		(2,721,674)
Net property and equipment	<u>\$</u>	2,632,656	<u>\$</u>	2,700,028

#### (4) PROPERTY AND EQUIPMENT: (Continued)

Depreciation expense for the years ended June 30, 2024 and 2023 was \$232,026 and \$209,613, respectively.

## (5) NOTES PAYABLE:

	2024	2023
Notes payable from Inland Bank, payable in monthly installments of \$10,028 principal and interest, matures July 2027 with an interest rate of 4.00%, plus an estimated balloon payment of \$1,360,187. Secured by the building.	\$ 1,539,967	\$ 1,596,420
Less - Current maturities	(59,822)	(57,522)
Notes payable - long-term	<u>\$ 1,480,145</u>	<u>\$    1,538,898</u>
Maturities on long-term debt are as follows:		
Year Ending June 30,		
2025 2026 2027 2028	\$ 59,822 62,259 64,796 1,353,090	
	<u>\$ 1,539,967</u>	

## (6) RENTAL INCOME:

The Organization leases portions of its office space to various, unrelated third parties, that expire at various dates through June 2026. Rental income for the years ended June 30, 2024, and June 30, 2023 was \$107,019 and \$102,381, respectively.

Future minimum rents to be received are as follows:

Year Ending June 30,	
2025 2026	\$ 61,847 63,703
	<u>\$ 125,550</u>

#### (7) NET ASSETS:

The Organization's net assets with donor restrictions, as of June 30, were as follows:

		2024	 2023
Time restricted	<u>\$</u>	833,356	\$ 145,166

The Organization's net assets without donor restrictions, as of June 30, were as follows:

		2024		2023
General Board designated investments	\$	2,156,643 1,774,878	\$	1,985,257 1,545,579
	<u>\$</u>	3,931,521	<u>\$</u>	3,530,836

## (8) LEASES:

The Organization has two operating leases for vehicles that expire at various dates through July 2025. The components of lease expense for the years ending December 31, 2024 and 2023 are as follows:

	2	2024		2023
Operating lease cost	<u>\$</u>	12,612	<u>\$</u>	12,087
Future minimum lease payments under noncancelable leases	as of Ju	ne 30, 2024	4, are a	s follows:
2025	\$	12,612		

2026	526
Total future minimum lease payments Less imputed interest included	13,138 (640)
Present value of net minimum lease payments	<u>\$ 12,498</u>

The following provides additional information related to the Organization's leases as of and for the years ended June 30, 2024 and 2023:

		2024		2023
Current portion of lease liabilities Long-term portion of lease liabilities	\$	11,996 502	\$	11,996 12,498
Total lease liabilities	<u>\$</u>	12,498	<u>\$</u>	24,494

#### (8) LEASES: (Continued)

	2024	2023
Weighted average lease term	0.96 years	1.96 years
Weighted average discount rate	3.37%	3.37%

Cash paid for amounts included in the measurements of the Organization's leases for the years ended June 30, 2024 and 2023, are as follows:

	 2024		2023
Operating cash from operating leases	\$ 12,612	<u>\$</u>	12,612

The Organization leases various properties on behalf of tenants. The leases are short-term and expire at various dates through April 2025. Rental assistance provided on these properties was \$125,992 and \$141,857 for the years ended June 30, 2024 and 2023, respectively. The future minimum rentals due on behalf of tenants for the year ended June 30, 2025 are \$45,266.

## (9) DONATION OF USE OF FACILITIES:

In June 2024, the Organization entered into a lease agreement with a third party, under which they received a donation of rent-free space for a period of 15 years. The terms of the agreement stipulate that the Organization will pay a total of \$1 per year for the lease term. The fair market value of the rented space, based on current market conditions and comparable property rentals, and discounted to present value is estimated at \$721,689 over the lease period. This donation has been recognized as an increase in both restricted net assets and promise to give, reflecting the future benefits to be received under the terms of the lease. Each year, a portion of the rent equivalent to its annual fair market value will be released from restricted net assets.

#### (10) LIQUIDITY AND AVAILABILITY OF RESOURCES:

The Organization's financial assets available within one year of the statements of financial position date for general expenditure are as follows:

	 2024	 2023
Financial assets:		
Cash and cash equivalents	\$ 632,631	\$ 849,656
Accounts receivable	262,925	213,183
Grants receivable	674,899	183,529
Investments	 1,774,878	 1,545,579
Total financial assets	 3,345,333	 2,791,947

## (10) LIQUIDITY AND AVAILABILITY OF RESOURCES: (Continued)

	2024	2023
Less: Assets with donor restrictions Board-designated investment fund	(111,667) (1,774,878)	(145,166) (1,545,579)
	(1,886,545)	(1,690,745)
Assets available for general expenditures	<u>\$ 1,458,788</u>	<u>\$ 1,101,202</u>

The Organization maintains a policy of structuring its financial assets to be available as its general expenditures, liabilities, and other obligations come due. Investments are included in the table above as these assets are available to be used should the Organization deem necessary; however, the investments are not expected to be used within one year.

## (11) RETIREMENT PLAN:

The Organization maintains a non-contributory defined contribution retirement plan which covers substantially all employees who meet certain eligibility requirements. Some employees of the Organization are, at their own option, participating in tax deferred annuity programs. Each participant can contribute a portion of current earnings on a tax deferred basis. For the years ended June 30, 2024 and 2023, there were no employer contributions to the plan.

#### (12) IN KIND CONTRIBUTIONS:

The Organization received in-kind contributions for the years ended June 30, 2024 and 2023 as follows:

		2024	 2023
Professional services Facilities	\$	25,498 721,689	\$ 13,414
Total in-kind	<u>\$</u>	747,187	\$ 13,414

Fair value of in-kind contributions is determined as follows:

<u>*Professional services*</u>: The Organization received pro bono information technology services. These items are valued at fair value based on the cost of similar services.

*Facilities*: The Organization received a promise to give to provide facility space to the Organization for \$1 rent per year for 15 years. The fair value of the promise to give was valued using estimated fair value of the facility based on comparable property rentals.
